

Emicon Corporation reviews all design and manufacturing processes to identify and eliminate foreign object entrapment areas and paths through which foreign objects can migrate.

Emicon Corporation employs appropriate housekeeping practices to ensure timely removal of residue/debris, if any, generated during manufacturing operations or tasks.

Emicon Corporation determines if sensitive areas that may have a high probability for introduction of foreign objects should have special emphasis controls in place appropriate for the manufacturing environment.

Emicon Corporation certifies to our customers that all products delivered to them are free from any foreign material that could result in FOD.
